Jackie,

I did not redistribute the email to CDC and Monica. Let me know if you thought I would include them, too.

Hi all,

I added Friday, June 10th as another option for the tour. For those of you who voted, please recast your votes,

Ex. 6 Personal Privacy (PP)

Doodle: Tour of tire crumb processing at

doodle.com

The purpose of the tour is to see the processing of tires into crumb rubber infill for sports turf, and ask questions around the source and variability of feedstock, processing

technologies and variability in end product properties. The proposed time frames are for the tour of the facility, only; attendees should plan to fly into [REDACTED] the night before or take an extremely early flight on the day of the tour.

Thank you,
Ksenija

Subject: Tour of [REDACTED] tire crumb facility in [REDACTED]

Hi all,

As part of the federal action plan on the use of recycled tire crumb in sports fields, we will be touring [REDACTED] a tire recycling facility in [REDACTED]

Please respond to the Doodle poll so we can lock down the date for the tour: [REDACTED] **Ex. 6 Personal Privacy (PP)**

(Please also keep in mind that you will either have to fly into [REDACTED] the day before or very early on the day of the tour.)

Thank you,
Ksenija
